31	Wall Brackets	 - set of two brackets for wall mounting - material: powder-coated aluminum		568
32	Fastening set for Wall Brackets	- Fastening set for installation of the Wall Brackets (item No. 31) inside the wall		350

Bahama Wind Warranty *

Bahama grants you, in addition to the legally binding warranties and on the basis of our General Terms and Conditions, a wind warranty for parasols in open condition. The maximum wind velocity depends on the parasol model and the chosen Bahama installation option.

The basic wind warranty of 37 months can be extended twice – each time for 37 months. The full validity period of the wind warranty Bahama offers, including the two-time extensions, is in total 111 months, that means 3,376 days or more than 9 years. You may be asking yourself how we calculate such a time frame? The tensile strength of the textile membrane lessens over time due to the influence of various weather conditions and especially disproportionately in the first 3 years. The other fundamental properties of the parasol such as sun protection and waterproofness remain the same. Bahama can, however, only grant the wind warranty with maximal tension and tensile strength of the textile membrane.

For this reason: a newly exchanged Bahama textile membrane = a new Bahama wind warranty.

Remark: The appearance of the items shown in the technical illustrations may vary.
